NEW PRESIDENT

After a two month search, we finally have a volunteer that stepped forward and said he would accept the position if he was appointed.

According to our By-Laws, an officer is not relieved of his duties until a successor is elected or appointed. So Mark N8LZB, has continued on beyond his term, till the successor was appointed. During our election, there was no nominee available so the board of trustees started the search for a President.

The first thing was to THANK Mark for the wonderful job he did during his term and to welcome Gary to the position of President of the CANTON AMATEUR RADIO CLUB. GARY is rather new to Amateur Radio but he stepped forward when the need was there.

Gary says his main hobby is Amateur Radio. His wife Pat is also interested in becoming a licensed Amateur Radio Operator. Both Gary and Pat showed up at the test session at the EOC. Gary was successful in upgrading to General Class and Pat passed the Novice Theory but did not quite make the Tech Theory so she knows she has to do a little more studying. (Good Luck next time Pat). His second hobby is Star Trek. Anything that has to do with the popular series, Gary has the videos and any thing he can get his hands on. Gary has worked for Republic Engineered Steels for several years.

The next thing our new President wishes, is to get acquainted with "Who Does What" for the club. All formerly appointed committee chairman, and any member that wishes for an appointment, are requested to come to the December meeting early at 7:00 PM for the get acquainted meeting.

Welcome your new President and if he asks you to help, volunteer. Do'ers are welcome.

#### MASSILLON HAMFEST

On Sunday November 8th, Massillon Amateur Radio Club had their annual fall Auctionfest at the K of C Hall on Cherry Road in Massillon.

There was a good crowd and the dealers seemed pleased with their sales results. The Auction looked like most were cleaning out the basement and the garage. At least a lot of inexpensive stuff changed hands.

The winners this year were; First Prize - the ICOM IC-322 Dual Band Mobile was won by Smitty WDBCIB, Second Prize - the ICOM IC-24AT dual band HT was won by Denny N8RNM and the Third Prize - the ICOM IC-F2AT 2 meter Mini HT was won by KK8Z from Summit County.

Every one is looking forward for next years Massillon Auctionfest.

#### VHF PACKET DX CLUSTER

There is a DX Cluster operating at 145.590. This cluster is located in Suffield, OH. The cluster is linked throughout the Great Lakes Region. When you connect to the cluster, it will beep your computer as DX stations are reported. The Call-Sign for this cluster is WOOG. In addition to reporting DX by Frequency and the DX call-sign, it has a callbook and you can get the current WWV solar flux index. You can check to see what users are logged onto the cluster and send them short messages. When you log onto the cluster the first time, it will ask for your name, qth and your latitude and longitude.

Some commands you will want to know include:

CALLBOOK is SH/HAM followed by a space and the call-sign you want to look up, eg SH/HAM K8JZN, will give you the QSL information on Bill Parks.

USERS LOGGED ON is SH/U. This will list all users currently connected to the cluster.

TALK TO ANOTHER CONNECTED USER is T, followed by a space, the call-sign you are sending the message to and the short message. eg. T K8JZN HELLO BILL. MAKING ANY GOOD DX CONTACTS. His computer will beep and your message will be displayed.

CURRENT SOLAR FLUX INDEX is SH/WWV. This will show the solar flux index. It is updated several times a day.

LOG OFF CLUSTER is B. The B stands for Bye and will drop your connect to the cluster.

NOTE: This cluster does not have the normal bar menu across the bottom of the screen, such as you may be used to seeing on the packet BBS.

GOOD DXing! de Chuck N8LIV

50/50 Drawing winner: Rich N8TLJ, won \$18.25. Congratulations.

Gary Kline WCBW, presented a fine program on DXing and on the advantages of using a Gray Line Card in coordinating transmission/receiving procedures all over the world.

Art WBFECC, mentioned problems regarding direct mailing your QSL cards internationally. He suggested not to use your call sign on the envelope. Because sometimes it is opened before the appropriate person receives your card.

Congratulations to Jack Cale N8FEB, who worked all counties in the U.S.A., 3,076 of them. He also passed out 634 counties to help others achieve their goals as he did his. Good job Jack!

Motion was made to adjourn the meeting and passed at 8:33 PM. Coffee, donuts and great conversations followed.

Respectfully Submitted By

Saundra Day N8TZB

CARC Secretary

Please Note: Thanks to my dear husband, Denny N8RNM, this report would not have been written this month.

NOTE: We have made much more seating available by reducing the number of tables in the meeting room. Please make every effort to attend the monthly CARC meetings to meet, teach and learn from other Amateur operators in our area. TNX, Denny N8RNM and Saundy N8TZB.
